

**22nd February is 50 days  
until the National Month of Prayer for Toddler Groups.**

**We would love for you to join us to plant seeds  
and get ready to grow.**

50 days... to get ready for our month of prayer.

What are we going to sew and grow through this month?

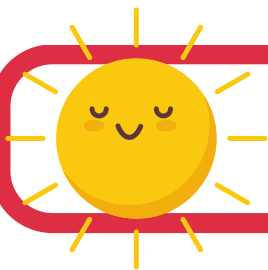

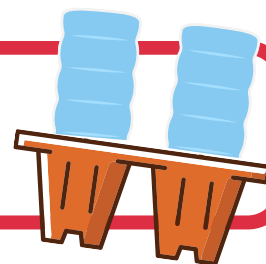

# Let's GROW

1 2 7 7 make them count

Buy some seeds, you will also need pots and soil

Seeds need a temperature of about 18°C , place the pots on a warm windowsill and cover with a cut plastic bottle upside down like a mini greenhouse.

As soon as seedlings appear uncover and place in as much light as possible.

When you see a couple of leaves move them to individual pots. Keep them in a bright location and water regularly.

After about another month, they should be ready to plant in their final position in early summer.

Plant tomatoes deeply, so the first set of leaves is just above the soil surface

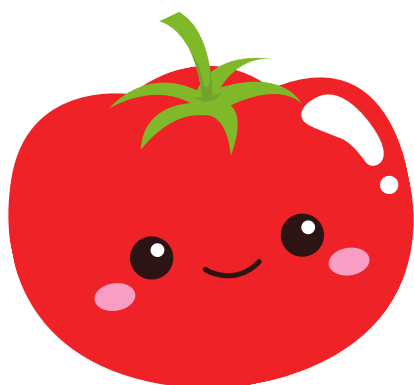

in large containers

or growing bags

or in the ground.

At day 50 share a photo with us & plan how you can share your tomatoes as we start the National Month of Prayer for Toddler groups.

We would love for you to join us and take the challenge to get ready and grow a tomato!  
Join us, plant seeds, nurture them, keep us updated and pray as you care for your plant.  
Our dream is in 50 days at the start of the prayer month we will have tomatoes, filled with seeds ready to eat and enjoy, to share together in your group.

He told them another parable:

“The kingdom of heaven is like a mustard seed, which a man took and planted in his field.

Though it is the smallest of all seeds, yet when it grows, it is the largest of garden plants and becomes a tree, so that the birds come and perch in its branches.”

Matthew 13:31-32

GROW a TOMATO  
challenge 

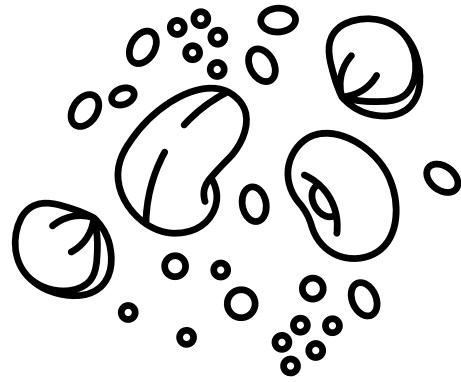

How many seeds do you have?

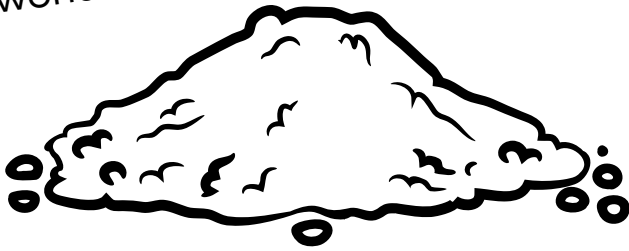

# STEP one

What are your seeds?

I wonder if the man had other seeds?  
I wonder why he planted the seed?  
I wonder if he came back to the seed?

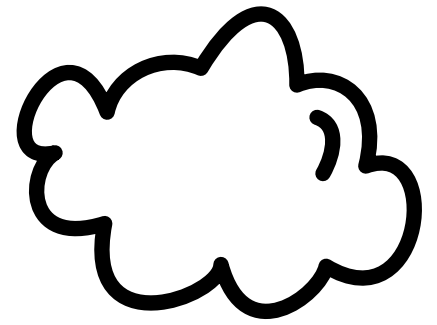

What do you need to get for the prayer month?

# HOPE

I WONDER WHERE GOD PLANTS HOPE?

As you hold your seeds, what do you hope for or imagine?

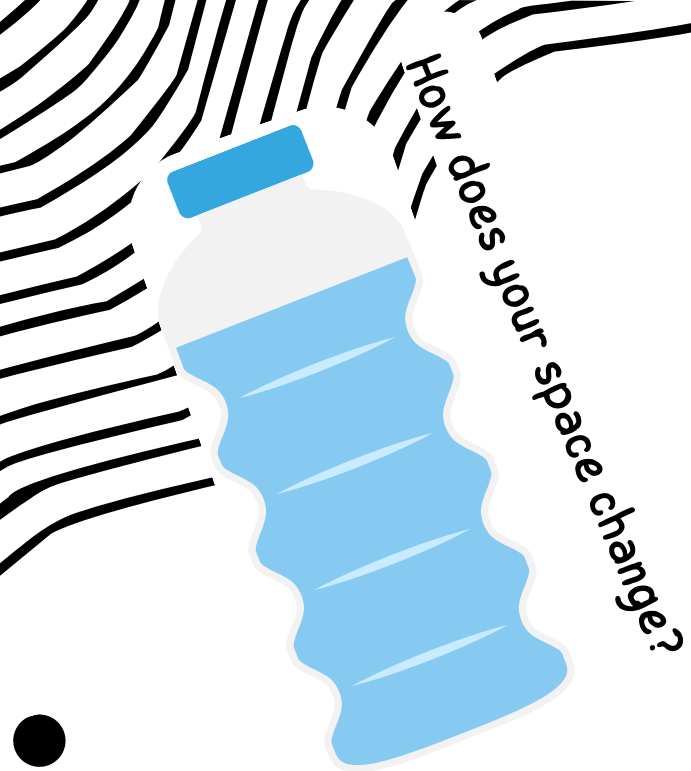

GROW a TOMATO challenge

make them count

make them count

# STEP TWO

How does your space change?

As you try to create a safe place for your seeds, how does your group offer safety?

What keeps your hope safe?

# PLACE

I WONDER WHERE GOD HAS GIVEN YOU?

What changes as you pray?

I wonder why the man had a field?  
I wonder if there were other things in the field?  
I wonder if he prepared the ground?

GROW a TOMATO challenge

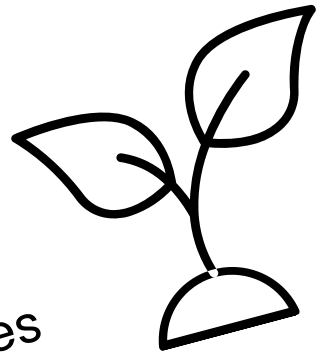

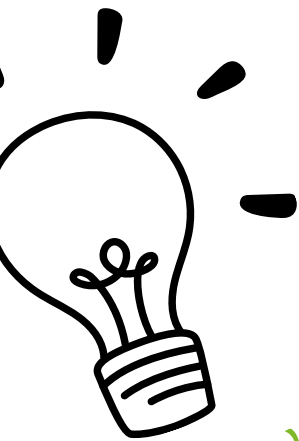

# STEP three

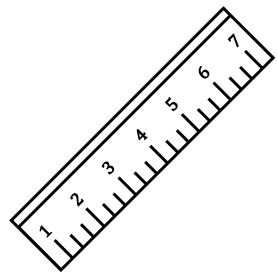

How does your group  
share light to people??

What can you see God  
beginning to do?

Are there new  
opportunities  
that may be  
beginning??

What encourages  
your growth?

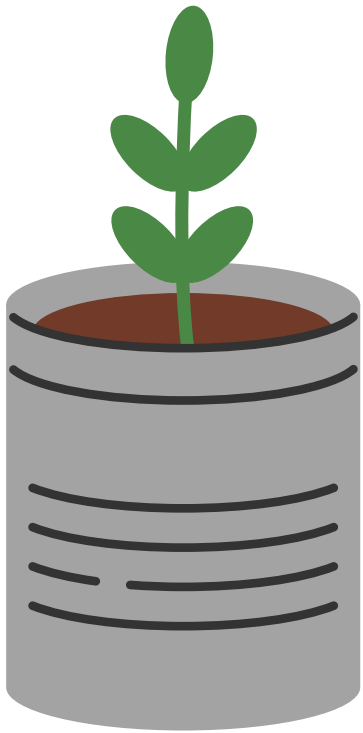

I wonder if the man noticed  
the seed growing?  
I wonder if the weather helped  
the seed to plant and grow?

L*l*IGHT

I WONDER WHERE GOD IS SHINING?

How does your group  
show it cares?

# STEP four

How has God placed  
you in this place and  
cared for you?

Are there individuals who  
need your time?

How do you need to  
meet individual  
needs?

# CARE

I WONDER WHERE GOD CARES?

I wonder if the plant looked  
like it would grow so big?  
I wonder how long it took  
the tree to grow?

# STEP five

How does your group help different people grow?

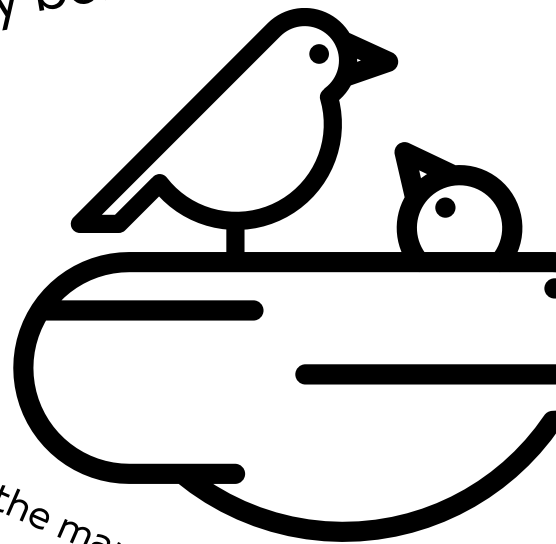

What does God's growth look like?

How do you help people feel like they belong?

# FLOURISH

I WONDER WHERE GOD IS FLOURISHING?

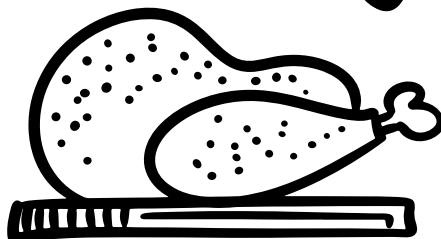

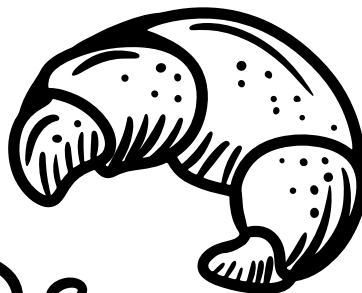

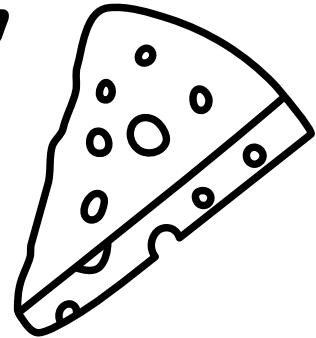

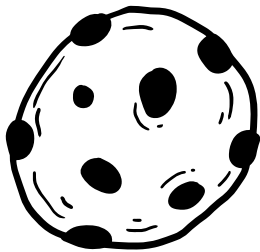

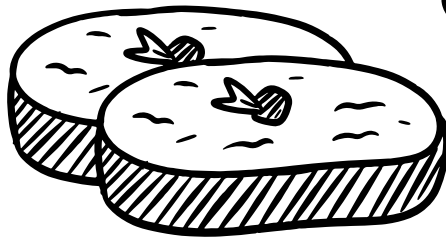

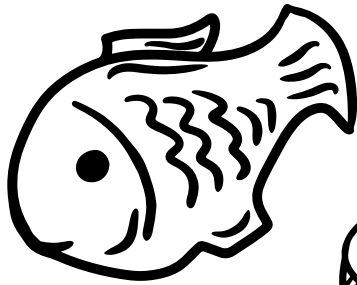

Are there areas of growth?

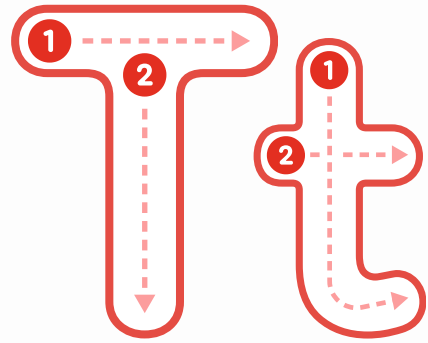

I wonder if the man was glad the birds came to the tree?  
I wonder if the birds returned to the tree?  
I wonder if the birds nested in the tree?

GROW a TOMATO challenge

# GROW FOODS

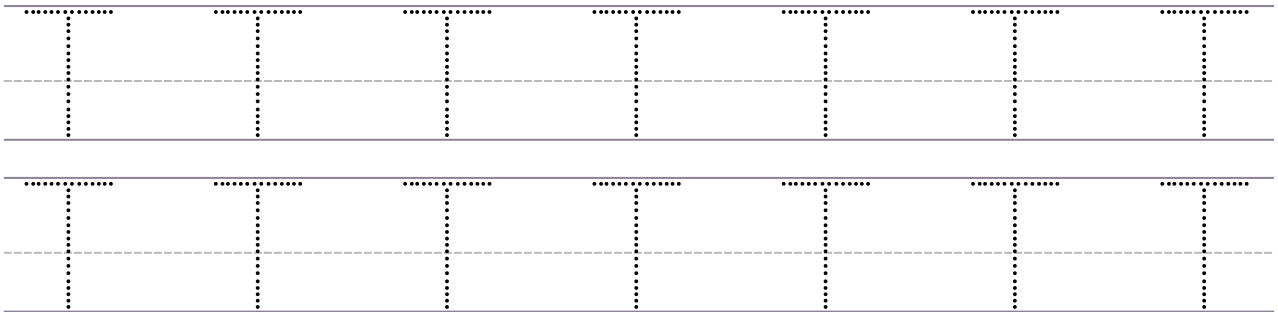

Can you find and color all the grow foods?

is for Tomato

Trace the uppercase letters.

Trace the lowercase letters.

Circle the letter T & t.
